# GERMAN REPUBLIC FALLS; WORKMEN STRIKE IN PROTEST

BERLIN. March 13 .- It is reported that it is intended to proclaim Field Marshal von Hindenburg "imperial president."

PARIS, March 13.—The opinion expressed in official circles here is that the allied governments will take an attitude of aloofness and detachment toward the civil strife in Germany and permit the German people themselves to determine the form of their government.

BERLIN, March 13 .- Socialists and workers throughout the German nation are said to have declared a general strike, following the overthrow of the Ebert government, and although there has as yet been no overt act violence is feared.

Members of the Ebert government have fled the capital. The new government under Chancellor Kapp says in its program that it will honorably fulfill the treaty of Versailles and denies reactionary or monarchistic aims.

BERLIN, March 13. (By the Associated Press.)-The overthrow of the Ebert government was announced in a proclamation issued Friday, after revolting troops from the suburbs had entered Berlin and occupied the Wilhelmstrasse. The movement has so far proven a peaceful one, no disorders resulting. President Ebert and his wife left Berlin at 5 o'clock this

Amendment to Substitute Reservation Framed at Suggestion of Senator Covers International Controversy.

WASHINGTON, March 13.—In an effort to reunite the Republican senate forces, Senator Lodge of Massachusetts, the party leader, Saturday introduced an amendment to the substitute article 19 reservation offered yesterday.

The change, proposed at the suggestion of Senator Borah, Republican idaho, leader of the irreconcilables, would insert the words "including all controversies relating to territorial integrity or political independence" in describing the international controversies in which the United States would not interfere.

probably will not come until Monday or Tuesday.

Irreconcilable opponents of the treaty condemned the subqualification as a "Republican capitulation" to the White House, while the mild reservationists of the party followed the leadership of Senator Lodge, who introduced it. Democrats generally had nothing to say about it except Senator Hitchcock, who declined to accept it.

Despite defections from the Republican ranks because of the changes in the reservation, the Republican leaders said they could hold 20 votes for it, leaving 24 votes for the Democrats to deliver if the treaty is to be ratified with the substitute attached. Efforts to amend the substitute probably will be made, in which case all existing lineups may be overturned. The substitute was proposed in the secure by its author. Troops recently returned from the Baltic states are also said to have been implicated in the alleged conspiracy. Direct inquiry in official quarters has failled to clicit any information beyond a statement that the government was warranted, in the light of the attitude of the Pan-German press, to suspect a monarchist plot. An impression prevails tonight, therefore, that the government exaggerated the crucial nature of the situation and took seriously indefinite rumors which have been current here for the past week.

Marshal von Hindenburg, the attack on allied officers by Prince Joachim Albrecht at the Adlon hotel and other incidents contributed to make the cabinet nervous over the situation.

The proclamation declares the national assembly dissolved. It is announced that a new government is being formed. The socialist parties have declared a general strike, the dispatches add.

The issuance of the proclamation followed the occupation of the Wilhelmstrasse, where the government buildings are situated, by troops which had returned from the Baltic and had been in barracks at Doeberitz, in the suburbs. The troops entered Berlin this morning, it is stated. While attaches at the General hos-pital attribute Kinghan's death to nat-ural causes, Kinghan attempted his life at the hospital the day before, when he drank the contents of a bottle of formaldehyde. He was pumped out, and left the hospital.

Atlanta Evangelist To Lead Services At Local Churches

Ir. Charles W. Daniels, master of the First Bantist church of Atlanta, Ga., one of the strongest puiplt arators of the Southern Baptist convention, has been engaged to speak each day next week at the noon-day mayer meetings, conducted at Court Avenue church under the auenices of 60 or more Protestant churches of the city participating in the simultaneous revival to begin March 21.

A stronger speaker than Dr. Daniels for these meetings, the general prayer meeting committee feels, could not have been obtained since Dr. Daniels exceptional personality and practical presentation of gespel messages make him a power in work-among men. It is unitersally conceded at Atlanta, that Dr. Daniels preaches to more men than any other minister in the city. Contrary to the general rule, men predeminate in the congregation of First church, there often being almost twice as many men present at the Sunday services as women. The state public utilities commission will by Monday embody that rate of fare in their formal order, instead of the 7-cent rate upon which a majority of the commission had agreed. This victory for the people was made possible by the action of Judge John E. McCall of the United States district court, who agreed to suggest that rate of fare to the receivers of the Memphis W. P.
